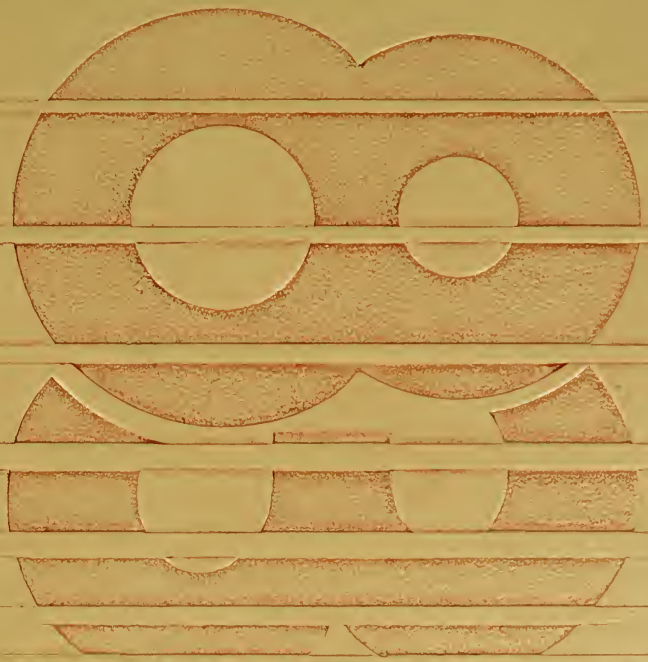
VIXEN



eighty three

What Is A Vixen?

Vixen is the name given to the female fox of the genus Vulpes. Physically, a vixen has a long, pointed nose, large, furry, triangular ears, and a full, bushy tail. Its red, black, or silver fur is among the most beautiful known. But her physical attributes are secondary to her other traits - speed, agility, and cunning.

The vixen is traditionally praised in legends and fables for her gracefulness and intelligence . . . .

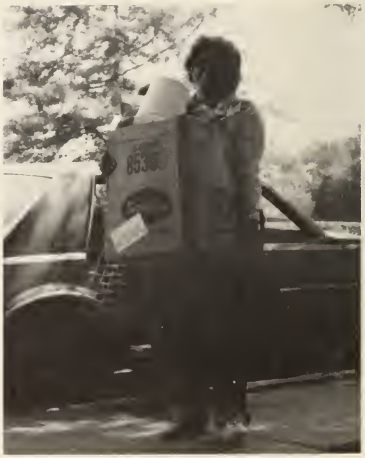
Welcome To Villa

The year began in the family tradition at Villa with the members of Student and Residence Councils helping to move the Freshmen in. To the surprise and delight of many new students and their families, bands of Villa girls descended on their loaded cars to help unpack. No matter how large or small the chore, the Villa movers managed to get everyone settled-in quickly. This first day gave both the new Freshmen and the upper classes a chance to get to know each other.



A Labor Day Weekend To Remember

Labor Day Weekend was off to a roaring start with a bonfire sponsored by Student Council. Scorched weiners and marshmallows were the gourmet meal of the evening. Monday, Labor Day, Villa prepared for the annual front-yard picnic. The weather had other plans. Thanks to Ted "SAGA" Foessett, the day (and corn on the cob) was saved by moving the picnic indoors.

Once Upon A Time . . .

. . . on a Saturday in September, a bus loaded with girls from VMC took off for a day at Niagara Falls, Canada.

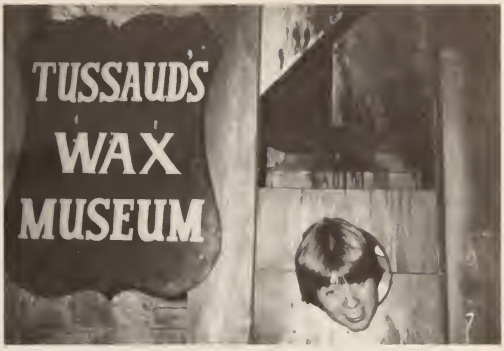
When they arrived, they were struck by the beauty of the American Falls,

and the roaring majesty of the Canadian Horseshoe Falls.

During their time in Canada, the Villa girls busied themselves seeing the sights.

Some girls chose the easy way to get around town,

but most chose to walk it. Of course, buying souvenirs was part of the fun too!



A few of the Villa women went a little wild and almost lost their heads,

while others went to great lengths to get the most picturesque view of Niagara Falls.

Luckily, there was always a lovely garden to rest beside after their tiring ordeals.

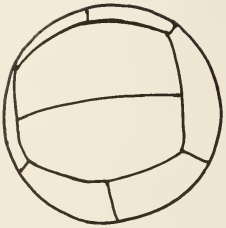
All too soon, the day ended. Tired and happy, the girls of VMC dreamt of their Canadian holiday as the bus brought them safely back to Erie.

The End

Roudin' Up The Freshman

The Sophomores got together to lasso up the Freshman and herd them into the cafeteria for a rip roaring night of good old western entertainment. There was plenty of dancin', refreshments, cheers from the crowd, not to mention an eager helping hand. It was a "happy hour" to be remembered.

Commuters Set Up For Volleyball



Commuter Council's project week was a five-day event filled with bake sales and free lunch-time vegies. But Friday was the day everyone was waiting for: a match-up between the commuters and the Villa Victors. The campus was "set" for a good volleyball match, and they weren't disappointed. The commuters got "bumped," but they were good sports.

Commuters Top Off Project Week

As icing on the cake, Commuter Council ended its project week with a pie-eating contest. The "cream" of the Villa crop was on hand to "face" the competition. Even umpire Shirley Fletcher got a piece of the pie. Beth Gatesman, a freshmen nursing major, "took the cake" and the winning trophy.

Villa Shows Spirit

On Thursday, October 7, Villa celebrated Spirit Day. To cheer the Victors on for their match with Theil and Gannon, students wore buttons throughout the day announcing their support. That evening, between matches, Student Council had a contest for the student wearing the most Villa clothes. Luann Myers and Patty Perlinger were chosen as the most "spirited" students. The large turn out and supportive energy of the crowd made Spirit Day a huge success.

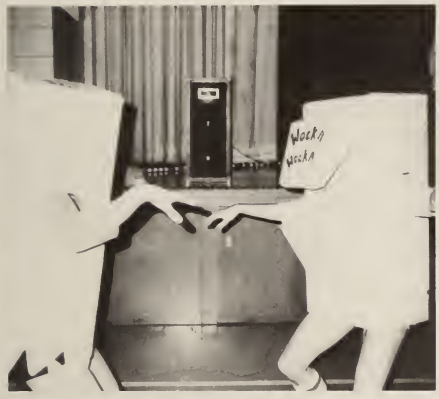
Councils "Serve" Cerebral Palsy

Why would over 30 girls spend 10 consecutive hours playing volleyball on a Saturday? To benefit Cerebral Palsy, of course. The poster child was on hand to watch the action. The day was long, but the rewards were many.

Lunch With The Ghouls

The "ghouls" of Villa Maria love to dress up. That's why Halloween is such a special time. Dorm rooms, class rooms, and especially the cafeteria were "haunted" by witches, spirits, and never-before-seen creatures. At lunch SAGA "dug up" a special treat for their frightful guests and helped spread a little "spirit."

An Evening With The Goblins

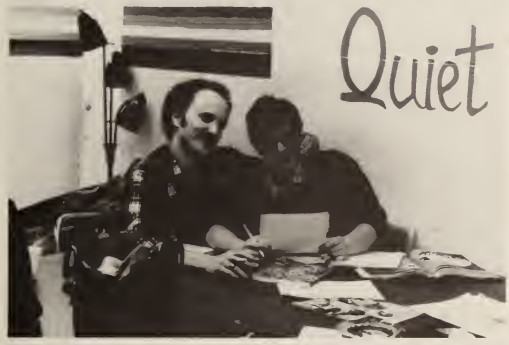


That night, Residence Council threw a Halloween party in the gym for students and their visiting little sisters. Even more costumed creatures were on hand (including the Villa Vixen) to dance the night away. Contests were held for the best costumes in four categories. All in all, everyone had a "devilishly" good time.

Villa Shapes Up

Weekends at Villa are a good time to catch up on all the things neglected during the week: homework, laundry, and . . . exercise! Friday afternoons and Sunday nights, Student Services provided aerobic dance classes. The fun and music gave real "shape" to the weekends.

Precious Villa Moments



1. Sometimes your teddy bear is your best friend.
2. It's a dog's life at Villa Maria College.
3. Be quiet or I'll ***strangle*** you!
4. This party is just ***totally,*** like ***wow!***
5. ***CHEESE!*** . . . and pepperoni pizza!
6. Hi! I'm a Theatre Arts major!

Christmas:

Christmas is a traditional time at Villa. The holiday season officially begins with ***Christmas in Song and Ceremony.*** Members of the faculty, administration, student body, and the Erie community gather to listen to holiday music supplied by the College Chorus and to enjoy readings which express the holiday meanings. After the ceremony, everyone gathered in the cafeteria for refreshments and a chance to chat with friends.

A Giving Season

Chris Angel Week is another Villa Christmas tradition. Sponsored by Residence Council, it is a week-long event of mysterious packages, anonymous cards, and lurking gift givers. After receiving a small gift each night for five nights, all participants join in a Christmas party on Saturday afternoon to find out who has been sending them gifts. Everyone has a good time and usually winds up making new friends.

It Was Like . . . Totally Awesome

Like for sure, it was like one of ***the*** most tubular times. Like, it was Punk Rock Night at VMC. Like, all us gals just dressed in ***awesome*** outfits and like, spent the ***whole*** night, you know, dancin' and listenin' to Doug Neville and his music. Like, ***wow,*** they even, you know, gave out records, like ***free!*** Awesome! But like, gag me, the night just ***had*** to end and we, you know, had to leave, but like, ***wow,*** it was a cosmic time, you know?!

Villa Enjoys A Little Friction

A coffeehouse at Villa gives everyone a chance to let their hair down, and this year, they were better than ever. One of the most memorable was when Friction played in the gym for almost 200 students. Friends from Gannon, Mercyhurst, and Behrend were also invited to this musical event. All night long (until 1), Villa women again proved they could get down and get funky.

Potpourri

1. Could you repeat that please?
2. Sugar and spice and everything punk.
3. "D". Who took the "D"?
4. What?! Our final is tomorrow?!
5. You're not ***really*** going to take my picture . . .
6. Hmmm. I wonder if he ever mentioned that in class.

Commuters Make A Big Splash

The commuters proved again they were good sports by sponsoring an Inner Tube Polo Match during their second semester project week. Everyone was invited to try their hand at this most ***exhausting*** of water sports. Of course, laughing your way in and out of inner tubes does not help the progress of the game (but it sure is fun). After the match, everyone enjoyed the culinary delights of Skip's Pizza. The evening was "all wet," but there were no "wet blankets" among the participants.

You'll Love Erie

They come by bus, by train, by plane, and by car. They are the college students that come to the Erie area to study. But there is more to Erie than books and term papers. Erie is the third largest city in Pennsylvania. Historically, it was from Erie that Commodore Oliver Hazard Perry launched his fleet to defeat the British in the Battle of Lake Erie. For recreation, Presque Isle State Park is the place to be summer and winter. Erie: what a nice place to be!

Seniors Experience Practicums

An important part of senior year for most majors is the time spent in practicums and internships. Area hospitals, like Hamot Medical Center and Saint Vincent's Health Center, offer students in nursing, allied health, therapeutic recreation, psychology, and social work a chance for hands-on experience. Education majors are placed in private and public schools throughout Erie as student teachers. Other area facilities also sponsor intern programs. On-campus practicums are also available to some majors. The practical experience gained from these practicums are an invaluable part of a Villa education.

It All Happens Here . . .

The academic complex of Villa Maria College is made up of A'Hearn Hall (the Administration Building), the Academic Building, the Lecture Hall, the Auditorium/Gymnasium, and the Natatorium (Swimming Pool). Completed in 1961, the Academic and Administration Buildings were the first structures on the newly relocated Villa Maria College campus. The Gymnasium and Natatorium were completed in the Fall of 1963. The newest building on campus, the Lecture Hall, was build in 1972. Together, these buildings form the backbone for life at Villa Maria College.

ACADEMIC

"Just like studying at home . . . almost."

"Decisions, decisions. And only 3 minutes between classes."

"Nancy Nurse, reporting for duty, sir."

"Excuse me. I'm trying to get some work done here."

"***Why*** must they teach the linguistics of English in Greek?"

ACCLAMATIONS

"Sew it?! Sew ***what?!***"

"I can't believe this; 3 all-nighters in one week!"

"I can only interrupt my studies for a minute. So hurry up with the picture already."

"***What?!*** My doodles took 1st Place in the Art Show!"

"For tomorrow, read the next 21 chapters. And in your spare time . . . . "

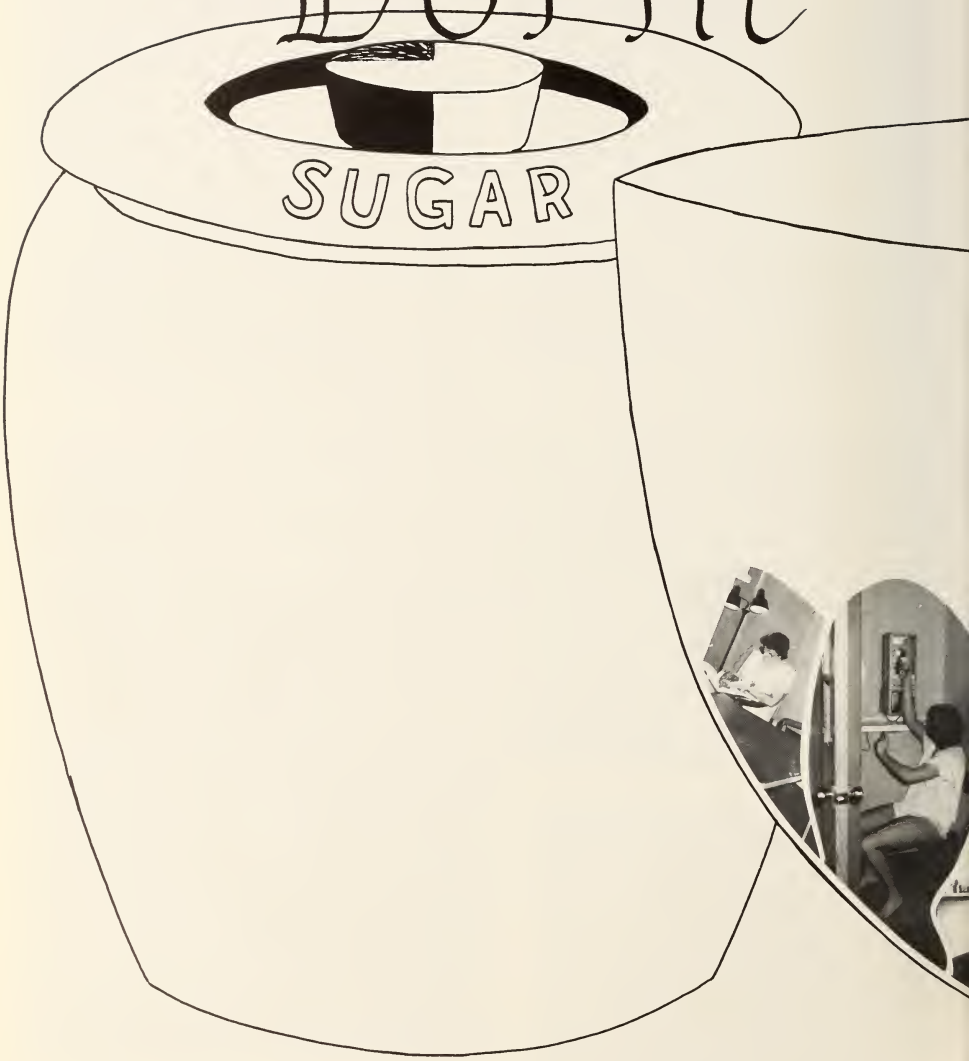
Make A Splash

Commuter and dorm students were pitted against each other in the Annual Intramural Swimming Meets held for six consecutive weeks in the Villa pool. The match-up consisted of the commuters vs. north dorm vs. south dorm. Events included in the meet were freestyle, butterfly, backstroke, freestyle in relay, and medley relay. The north dorm team were the overall winners, but all the swimmers were champions.

SWIMMING

Dorm



Living

To Make Villa Maria Dorm Life . . .

Villa Maria College is more than a small, woman's college; it is home to almost 300 girls living in the dorms. The atmosphere is friendly and relaxed with just enough academic tension to keep the girls on their toes. The size and layout of the campus keeps all the residents as members of one big family.

1. Once upon a time, in an enchanted forest . . .
2. President of Student Council and she ***cooks*** too!
3. Well, ***then*** he said . . .
4. Future J. C. Penney models.
5. Hi, Mom. It's me . . . your ***daughter!***
6. A rose between two . . . foxes?
7. Those autumn leaves drift past my dorm room.

1. Here's to roommates. They're kinda special.
2. I can't bare to look. Is there really SAGA sauce on my sweats?
3. My books are my constant companions.
4. Oh, Linda! Not another ***Playgirl!***
5. Please, please! No more pictures!

Mix Well for 1983
